

HIPAA

Administrative Simplification:

The Basics

What's HIPAA?

- 1996 Federal Health Insurance Portability & Accountability Act
- Portability and continuity of health insurance
- Reduce costs through *Administrative Simplification*

HIPAA: Administrative Simplification: The Basics

Administrative Simplification

- **Improve the efficiency and effectiveness of the health care system**
- **Through the establishment of standards and requirements for the electronic transmission of certain health information.**

HIPAA: Administrative Simplification: The Basics

Administrative Simplification

Health care industry lags behind other commerce

- **HIPAA mandates standardization of for :**
 - Claims and Encounters (837)
 - Enrollment and disenrollment (834)
 - Eligibility (270/271)
 - Health plan payment and remittance (835)
 - Health plan premium payments(820)
 - Health claim status (276,277)
 - Referral certification and authorization (278)
 - Additional information requests (Attachments)*
- **Including data elements and code sets**

Rules

- Electronic Transactions & Code Sets (Oct. 2003)
- ***Privacy*** (*April 2003*)
- Security (draft)
- Identifiers (Providers, Plans, Employers, Individuals?)
- Enforcement

Scope

- Covered Entities
 - Health care providers who choose to conduct covered transactions electronically
 - Health plans
 - Health care clearinghouses (translation)
- Business Associates (contractual)
 - Performs a function for or on behalf of a covered entity
 - *and*
 - Receives Protected Health Information from a covered entity

Health Plans

- Employer plans
- Health insurers
- Medicaid, Medicare
- Veterans, Military, Indian
- HMOs
- Other plans that provide or pay for medical care

Correctional Institutions

- Not health plans
- May be covered as a health care provider
 - Provider medical or health services
 - Any other person or organization who furnishes, bills, or is paid for health care in the normal course of business.
- If health care is provided --
 - Are any of the standard transactions conducted electronically?

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Background

A Brief History

- HHS rules mandated in lieu of legislation
- December 28, 2000 - published in *Federal Register*
- April 14, 2001 - rule becomes effective
- April 14, 2003 - compliance date (extra year for small health plans)
 - The recent extension given to implement the transactions and code sets rule does not apply to the privacy rule
- July, 2001 - HHS offers clarifications
- Rule modifications March 27, 2002

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Background

Some Context

Security vs. Privacy

- Security rules deal with how data is stored and accessed
- Privacy rules deal with how and to whom data is disclosed

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Who is Subject to this rule?

Covered Entities (direct)

- Health plans
- Health care clearinghouses
- Health care providers who electronically transmit any health information in a HIPAA-covered “transaction”

Business Associates (contractual)

- Performs a function for or on behalf of a covered entity
and
- Receives Protected Health Information from a covered entity

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Special Covered Entities

Hybrid Entities

- Single legal entity that is a covered entity
- * Covered functions are not its primary functions
- Firewall — disclosure to other components must meet requirements

Multi-Function Entities

- Single legal entity with a combination of provider, plan or clearinghouse operations
- A health care component may not share protected information with other components
 - Provider component cannot share patient information with health plan component if patient not in the plan

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Special Covered Entities

Affiliated Covered Entities

- Legally separate covered entities with common ownership and control
- May designate themselves as a single covered entity
- Component rules apply

Organized Health Care Arrangement

- Separate covered entities
- Establish clinically and operationally integrated systems
- Permitted to share information for treatment, management and operations
- May use common notice and consent

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Preemption of Contrary State Law

Contrary Means:

- A covered entity would find it impossible to comply with both the State and federal requirements;
or
- The provision of State law stands as an obstacle to the accomplishment and execution of the full purpose and objectives of:
 - HIPAA privacy provisions (PL 104-191 - Sec. 264)
 - Administrative Simplification provisions of the Social Security Act (Title XI - Part C)

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Preemption of State Law

Contrary State laws are preempted by HIPAA unless:

HHS Secretary determines State law is necessary

(A)

- to prevent fraud and abuse*
- to regulate insurance and health plans*
- for reporting of state health care delivery and costs*
- for public health, safety or welfare & determines that privacy intrusion is warranted

or

(B)

- has as its principal purpose the regulation of controlled substances*

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Preemption of State Law

Contrary State laws are preempted unless:

- State law privacy provisions are more stringent*
- State provisions provide for reporting of disease, injury, child abuse, birth, death, public health surveillance, public health investigations or interventions*
- State law requires health plans to report or provide access to information for management and financial audits, program monitoring or the licensure or certification of facilities or individuals*

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Compliance

Enforcement

Office of Civil Rights (DHHS)

- Receive and investigate complaints
- Conduct compliance reviews

Covered entities must

- Provide records and compliance report
- Cooperate with investigations and reviews

Enforcement regulations

- coming later this year?

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Compliance

Statutory Penalties

Civil penalties

- \$100 per violation
- Annual cap: Total penalties not to exceed \$25,000 per year for all violations of a single requirement or prohibition

Criminal penalties

- Wrongful disclosure — up to \$5,000 and/or 1 year jail time
- False pretenses — up to \$100,000 and/or 5 yrs imprisonment
- For profit/with malice — up to \$250,000 and/or 10 yrs in jail

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Compliance

Penalties Required by Rule

Internal Sanctions

- Covered entities must develop and apply sanctions for failure to abide by company policies and/or the HIPAA regulations
- Workforce sanctions may range from “warning to termination” at covered entities discretion
- Covered entity sanctions apply to business associates via contract
 - no monitoring necessary, action taken only when known
 - expected to investigate complaints
 - take reasonable steps to cure breach or terminate contract
 - notify Secretary if termination not feasible

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Compliance

Responsibilities of Covered Entities

No enforcement rule yet, but current final rules require covered entities to:

- Keep record and submit compliance reports as determined by the Secretary
- Cooperate with the Secretary
- Permit access to records by Secretary
- Certify what efforts have been made to obtain required information from others

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Compliance

Complaints to the Secretary

Complaints:

- Filed, in writing, within 180 days of when violation known

Investigations:

- Secretary may investigate complaints

Compliance Reviews:

- Secretary may conduct reviews to determine whether covered entities are complying with requirements

Secretarial Actions:

- non-compliance - will attempt to resolve
 - first informally
 - still unresolved - issue findings documenting non-compliance
- no violation - will notify that no further action necessary

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

Covered Information

Individually Identifiable Health Information (IIHI)

- Any health information relating to
 - Past, present or future physical or mental health or condition
 - Provision of health care or
 - Past, present or future payment for health care
- Created/received by provider, plan, employer or clearinghouse
- Individually identifiable or there is a reasonable basis to believe the information can be used to identify the individual

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Applicability

Covered Information

Protected Health Information (PHI)

- PHI that is:

- Transmitted by electronic media;
 - Maintained in any electronic medium; or
 - Transmitted or maintained in any other form or medium

- Any other form or medium means:

- Written
 - Verbal
 - Evolving forms of data capture and transmission not comprehended by the definition of “electronic”

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

General Rules

A covered entity may not use or disclose protected health information, except as permitted or required.

Permitted:

- To the individual who is the subject of the information
- Basically anything an individual “permits”
 - “Consent”
 - Other agreement
 - “Authorization”

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

Individual Permissions

Permission Type	Applies to	Requirements
Consent	For treatment, payment and health care operations	<ul style="list-style-type: none">- Obtained by direct treatment provider- May condition care upon receiving
Opportunity to Agree/Object	<ul style="list-style-type: none">- Facility directories available for inquiry- Notification of others	<ul style="list-style-type: none">- Verbal agreement OK- Then document
Authorization	<ul style="list-style-type: none">- Everything Else	<ul style="list-style-type: none">- Written- Specific Content- Treatment may Not be conditioned on receipt- Revocable

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

Required

- To individual upon the individual's request
notable exceptions:
 - ongoing civil, criminal, administrative proceedings
 - inmate's request
 - psychotherapy notes
 - as required by law
- To individual's request for an accounting of disclosures
notable exceptions:
 - treatment, payment, operations
 - persons involved in care
 - correctional institutions or law enforcement
- To HHS in connection with its enforcement and compliance reviews

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

Exceptions

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Use and Disclosure

Correctional Institutions

- May use for any purpose for which protected health information may be disclosed
- The permitted disclosures to correctional Institutions do not apply after release.
 - An individual is no longer an inmate when released on parole, probation, supervised release, or is otherwise no longer in lawful custody

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

- Consent
- Authorizations
- Minimum Necessary
- Business Associates
- De-Identifying Protected Health Information

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Consent

- Required for providers, optional for health plans
- Individual's "consent," prior to use or disclosure, for treatment, payment or health care operations
- May condition treatment/enrollment on consent
- Exceptions:
 - Emergency treatment situations
 - Care required by law but unable to obtain consent (after attempt)
 - Providers with "indirect relationship" to patient
 - Inmates of correctional facilities
 - Substantial communication barriers with inferred consent

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Consent: Specifications

- Content
 - Use and disclose for treatment, payment and operations
 - Refer to notice of privacy practices
 - Rights to request limitations or revoke consent
 - Signed and dated by individual
- Can be brief and written in general terms
- Must document failure to obtain consent and reasons
- Defective consent = no consent
- Joint consents for organized health care arrangement

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Consent of Inmates

- (164.506(a)(2)(ii))

A covered health care provider may, without consent, use or disclose protected health information to carry out treatment, payment, or health care operations, if:

- The covered health care provider created or received the protected health information in the course of providing health care to an individual who is an inmate
- *Inmate*: means a person incarcerated in or otherwise confined to a correctional facility

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Authorization

- If not otherwise permitted, must obtain individual's "authorization" for use or disclosure
- A customized document giving permission to use specified PHI for specified purposes
 - May NOT condition treatment on authorization (except clinical trials)
 - covers only the uses and disclosures stipulated
 - Individual may revoke at any time
 - Applies to all covered entities, not just providers
- *Must* be obtained for any use or disclosure of psychotherapy notes with few exceptions

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Authorization: Specifications

- Required elements:
 - Specific description of information
 - Persons authorized to disclose
 - Persons to whom disclosure may be made
 - Right to revoke
 - Information subject to redisclosure
 - Signature and date
 - Expiration date
- Given for specific period of time
- Plain language
- Defective authorization is not valid

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Minimum Necessary

- Amount of information (PHI) disclosed is restricted to the minimum amount necessary to accomplish intended purpose
- Must make “reasonable efforts” to limit:
 - Identify persons or classes of persons in workforce needing access
 - Identify the category(s) of PHI to which access is needed
 - limit access to those identified
- Policies and procedures for recurring and routine disclosures
- Must have process to review non-routine requests on a case-by-case basis
- Must also abide by any agreed upon restrictions requested by the individual

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Organizational Impacts

Minimum Necessary

- Exceptions:
 - Disclosure among providers for treatment
 - Release authorized by or for individual's own review
 - Disclosure to HHS
 - Compliance with HIPAA requirements
 - Required by law
- Impact considerations:
 - Non-treatment uses; "reasonableness" Phone, fax, e-mail disclosures
 - Applications: reports, user screens and e-forms, integrated databases
 - Justifying release of entire medical record - explicitly stated in policy
 - Case by case review of non-standard requests

HIPAA: Administrative Simplification: The Basics

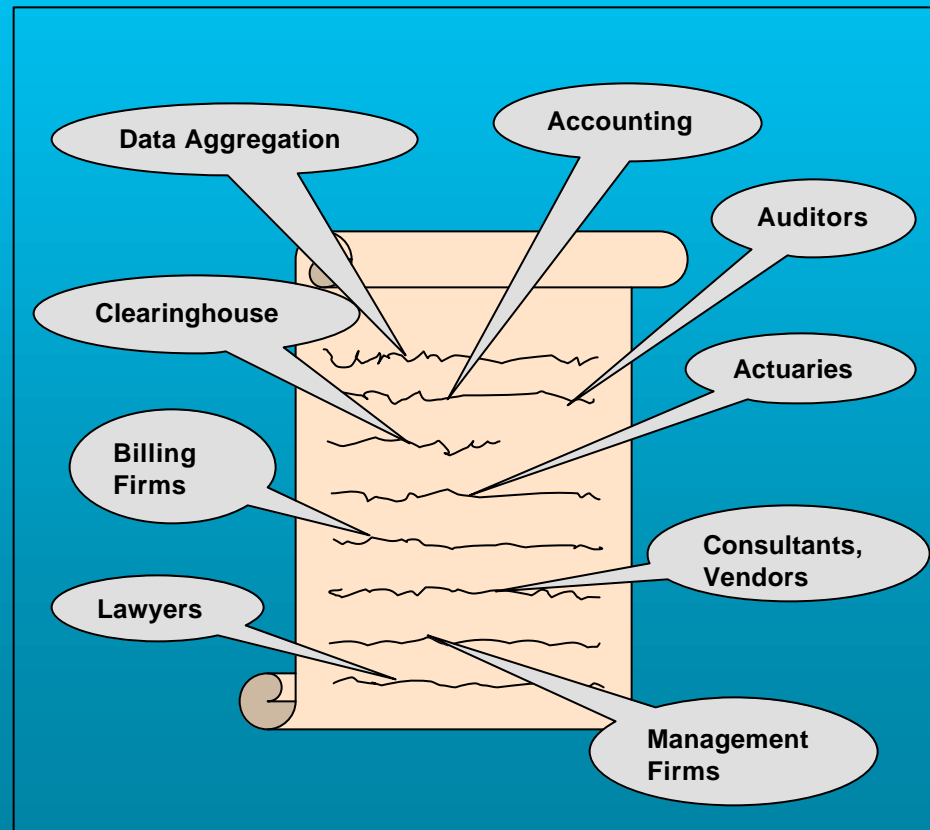

Privacy of Individually Identifiable Health Information

Organizational Impacts

Business Associates

A person who, on behalf of a covered entity - -

- Performs or assists with a function or activity involving:
 - Individually identifiable information, or

 - Health Plan must accommodate if individual endangered
may require statement to that effect
 - Provider may not require explanation
- Covered entity may require written request

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Admin Impacts

Administrative Requirements

- Implement administrative, technical and physical safeguards
 - Legal entities with health care components must prevent disclosure to other components not otherwise permitted if they were separate and distinct legal entities
 - must work in tandem with “minimum necessary”
- Implement policies and procedures to comply with HIPAA
 - “minimum necessary” coverage for routine disclosures
 - change as necessary to comply with changes in the law
- Documentation:
 - all policies and procedures
 - all written communications
 - all required actions
 - all personnel designations
 - maintain for six years

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Admin Impacts

Administrative Requirements

Workforce Training and Sanctions

- Training in organization's HIPAA-related PHI policies for:
 - Entire workforce by compliance date
 - New employees following hire
 - Affected employees after material changes in policies
- Privacy and security awareness training to be appropriate for workforce to carry out their functions within the covered entity

Summary

- Change in *status quo*
- Very unlike Y2K:
 - Not only an IT issue — mostly business operations, people & processes
 - No endpoint — progresses from planning to implementation to ongoing compliance
- Balancing act:
 - Compliance obligations with organizational size & capabilities
 - Process improvement opportunities with implementation costs

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

What needs to be done?

1. Make basic decisions
 - Confirm covered status
 - Determine what type of organization you are (e.g., single covered entity, hybrid organization, etc.)
2. Begin planning an initial privacy analyses work effort to identify what specific requirements apply your operations.
 - Identify gaps between those requirements and current practice
3. Utilize the above analysis to develop an action plan to achieve compliance.
4. Decide how to implement the privacy officer function
5. Involve the decision makers
 - Lots of policy level decisions

Action Planning

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Next Steps

Action Plan Considerations

- Assemble project team
- Plan the work effort
 - Internal or external
 - Tools and methodology
- Identify:
 - Where exceptions apply
 - Where HIPAA imposes new requirements
- Determine what needs changing:
 - contracts
 - uses
 - policies
 - notice, consent
 - disclosures
 - procedures
 - authorizations
 - training
 - access, amendment

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Next Steps

Last but not least ...

- Apply for an extension for transaction rule compliance
- Proceed with HIPAA implementations in accordance with legal advisory opinions.
- Proceed with appointing a privacy officer.
 - Define duties and responsibilities
 - Determine organizational placement

HIPAA: Administrative Simplification: The Basics

Privacy of Individually Identifiable Health Information

Next Steps

Last but not least ...

Proposed Revisions

- No consent
- Incidental disclosures with reasonable safeguards
- Excludes employment records
- Eases disclosure for payment and operations
